## Our Speakers

### **Natalie Carrington**

#### **CEO, Blooming HR**

Natalie Carrington, Blooming HR's founder and Principal Consultant, launched Blooming HR in 2011 to bring her expertise and passion for people and performance to the not-for-profit and community services sector. Her purpose was to provide cost-effective and best-practice HR solutions to these sectors to give them the same opportunity for success as the more affluent commercial sector counterparts. Before Blooming HR, Natalie spent over 15 years driving performance and managing IR compliance in large Australian and international organisations in a variety of industries.

In 2013, Natalie was awarded 'Consultant of the Year' at the Power Housing Conference in Melbourne.

### **Michele Adair**

#### **CEO, Illawarra Housing Trust**

Michele joined Housing Trust earlier this year, after previously holding national leadership roles at The Smith Family and Mission Australia and recently led the merger of Cystic Fibrosis NSW to create Cystic Fibrosis Community Care. With a background in corporate strategy, Michele also has a detailed understanding of government and broad experience across health and social needs portfolios.

At the Housing Trust, Michele is looking to deliver on her primary commitment as CEO, which is to ensure the company delivers more safe and affordable homes. Michele's previous experience gives her a great understanding of the needs and challenges that many vulnerable groups in our society face, and is looking to form inclusive communities to ensure that everyone has a decent place to call home.

## **Wayne Ericksen**

### **Development Project Manager, Illawarra Housing Trust**

Wayne is a registered builder with a Master's Degree and studies in strategic planning, policy development, marketing and human resources. He has chaired and sat on a number of boards and committees at the Peak Industry level to government, held executive and/or non-executive roles across property development, construction, manufacturing, building management/maintenance, leisure and tourism, local government, and education and most recently a Senior Consultant across multiple industries. He led a working group with the remit "to develop solutions to resolve housing issues in remote parts of Australia for Aboriginal communities" and owned a building company servicing private, corporate and government clients from Cairns to the South Australian border. Wayne is passionate about working for socially responsible organisations and making a difference. Wayne will be able to explain to you his journey and why he has chosen to be involved in this sector!
